

Office of the Provost
Request to Charge/Change/Delete a Course Materials Fee

A materials fee is an optional fee charged to a student for consumable materials used in a course (ISU policy 7.7.3). Examples include consumable supplies such as chemicals, special laboratory glassware, film, and so on. The student must receive or use the materials if the fee is paid. Students who supply their own materials will be able to request a refund of the fee. Questions about establishing materials fees should be directed to the Provost's office at 438-3725, and all other questions should be directed to Student Accounts at 438-5643.

Department/School: _____

Course Number and Title: _____

Typical yearly enrollment: _____ Estimated yearly fees collected (cost per student X yearly enrollment): \$ _____

This is a request for a (check one):

New materials fee in the amount of \$ _____ per student
